

Stockton-on-Tees

Home Improvement Agency and Handyperson Service

Whether you own or rent your home, you may qualify for funding for the following services:

- Free **safety** advice to prevent accidents at home
- Free advice to access **benefits**, grants and winter fuel payments
- Installing doorbells, **security** chains, locks and door bolts
- Providing and fitting **grab rails** and external hand rails
- Putting together flat-pack furniture or putting up **shelves** or pictures
- Securing loose **carpets** or rugs
- Replacing **light bulbs**
- Supplying and fitting **key safes** or door locks
- Free access to Yorkshire Housings list of **contractors** to help you avoid rogue traders if you want to arrange works yourself.

Adapting, improving
and repairing
your home

Stockton-on-Tees

Home Improvement Agency and Handyperson Service

**Yorkshire Housing's Home Improvement Agency
and Handyperson service can help you live
independently, safely and comfortably at home.**

Funded by local authorities and other partners the service is for older people, people with disabilities or anyone who feels vulnerable at home.

For larger work or extensions we provide a technical service.

This includes drawing plans, submitting planning and building regulation applications, obtaining quotes, overseeing work and ensuring work is completed to the required standard. We can carry out the work or project manage the contractors you choose.

We are a not-for-profit organisation so we will always provide these services free of charge wherever possible.

**If you don't qualify for funding we can still help.
You can access all our services as a paying
HandyTec customer.**

Please contact us for an informal discussion on how we can help.
